

Leadership Council

The National Organization on Disability Leadership Council is a network of forward-thinking companies committed to advancing disability inclusion in the workforce.

Why Join?

Joining the Leadership Council is an investment in your company's disability inclusion journey. Members receive several important benefits to support and recognize your commitment. Your contribution also supports NOD's mission, fueling policy advancements, groundbreaking research, and innovative initiatives that drive real change.

Members contribute to a growing national movement that recognizes the unique talent, ingenuity, and diversity of thought that people with disabilities bring to their workforce.

Understanding the Issue

People with disabilities make up nearly 26% of the U.S. population and represent its largest marginalized group.

We face significant barriers to success in the workforce, ranging from accessibility barriers and bias, to compensation disparities.

Leadership Council companies agree: it is time to ensure that disability inclusion receives equal priority as we address inequities in the workforce.

The Leadership Council Member Experience Offers:
