

Together, we can **transform** tomorrow's workplace.

Join the EnAble Learning pilot.

We are bringing 40+ years of history and experience in disability employment to the digital era with our newest endeavor, **EnAble Learning**.

This suite of learning modules is centralized, flexible, and cloud-based, offering employers a turn-key solution for employee training and development that delivers a scalable impact.

Become an Implementation Partner

We are inviting a select group of 5–10 employers to join the pilot phase of the EnAble Learning platform. As an Implementation Partner, your organization will get **early access** to our first four training courses, covering:

Disability 101

Managing Mental Health in the Workplace

Neurodiversity at Work

AI, Emerging Technologies & Accessibility

What's Involved?

Time Commitment

1-hour onboarding session with our team

Access to the full suite of pilot training content (4 courses) for a cohort of up to 100 employees

30-minute survey to gather feedback from your experience using the tool

Estimated pilot period:
Jan - March 2026

Financial Commitment

Free participation in the pilot phase

No obligation to purchase, though Implementation Partners will receive preferred pricing and recognition in future materials

Why Participate?

- ✓ **Shape the Product**

Help refine content, usability, and features to meet your team's real-world needs

- ✓ **Get Early Access**

Train your employees, without incurring any fees

- ✓ **Be Recognized**

Receive recognition as an Implementation Partner in launch materials, reports, and case studies
